

Defense for Acquisition and Technology on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting the Task Force will work with the JCS Chairman and Vice Chairman in support of the Expanded JROC activities. The JRO has sponsored assessments of U.S. capabilities to conduct various kinds of military operations. These Joint Warfighting Capability Assessments (JWCA) are key to determining the Chairman's position concerning plans and programs. The Task Force should review the JWCA process and recommend ways in which the process might be improved.

In accordance with Section 10(d) of the Federal Advisory Committee Act, P.L. No. 92-463, as amended (5 U.S.C. App. II, (1994)), it has been determined that this DSB Task Force meeting concerns matters listed in 5 U.S.C. § 552b(c)(1) (1994), and that accordingly this meeting will be closed to the public.

Dated: September 12, 1996.

L.M. Bynum,

*Alternate OSD Federal Register Liaison Officer, Department of Defense.*

### **Defense Science Board Task Force on Image-Based Automatic Target Recognition**

**ACTION:** Notice of Advisory Committee Meetings.

**SUMMARY:** The Defense Science Board Task Force on Image-Based Automatic Target Recognition will meet in closed session on October 16-17 at Science Applications International, McLean, Virginia; and on November 6-7, 1996 at the Pentagon, Arlington, Virginia.

The mission of the Defense Science Board is to advise the Secretary of Defense through the Under Secretary of Defense for Acquisition and Technology on scientific and technical matters as they affect the perceived needs of the Department of Defense. At these meetings the Task Force will assess the ability of automatic/aided target recognition technology and systems to support important military missions, principally in the near- and mid-term. The Task Force should concentrate on those technologies and systems that use imagery (EO, IR or radar) as their primary input medium.

In accordance with Section 10(d) of the Federal Advisory Committee Act, P.L. No. 92-463, as amended (5 U.S.C. App. II, (1994)), it has been determined that these DSB Task Force meetings

concern matters listed in 5 U.S.C. § 552b(c)(1) (1994), and that accordingly these meetings will be closed to the public.

Dated: September 12, 1996.

L.M. Bynum,

*Alternate OSD Federal Register Liaison Officer, Department of Defense.*

### **Department of the Army**

#### **Notice of Intent To Prepare Environmental Impact Analyses for Defense Base Realignment and Disposal Actions Resulting From the 1995 Commission's Recommendations**

**AGENCY:** Department of Defense, United States Army.

**ACTION:** Correction notice.

**SUMMARY:** In previous Federal Register notice (60 FR 49263-49264) of September 22, 1995, the following corrections should be made:

On page 49263 in column three, paragraph a(2) indicates that an environmental assessment is planned for Detroit Arsenal, Michigan, for receiving automotive materiel management functions from Aviation-Troop Command, St. Louis, Missouri, to align with Tank-Automotive and Armaments Command. This relocation is below the threshold requiring an environmental assessment and is covered by a Department of Army categorical exclusion which will be analyzed within a Record of Consideration.

On page 49263 in column three, paragraph a(4) indicates that an environmental assessment is planned for Fort Bliss, Texas, for receiving U.S. Army Test and Experimentation Center missions and functions from Fort Hunter Liggett, California. Department of the Army approved a plan on July 31, 1996, to inactivate the U.S. Army Test and Experimentation Center in place. Therefore, the environmental analysis on its relocation is canceled.

On page 49264 in column one, paragraph c(2) indicates that an environmental assessment is planned for property disposal at Big Coppitt Key, Florida. The property has since been identified for transfer to the Department of the Navy. The transfer of real property administrative control to another military department is covered by a Department of Army categorical exclusion which will be analyzed within a Record of Consideration.

On page 49264 in column one, paragraph c(22) indicates that an

environmental assessment is planned for property disposal at Seneca Army Depot, New York. We have reassessed our initial determination and now plan to analyze property disposal at this site in an environmental impact statement.

On page 49264 in column one, paragraph c(24) indicates that an environmental assessment is planned for property disposal at Sudbury Training Annex, Massachusetts. The property has since been identified for transfer to other federal agencies. The transfer of real property administrative control to other federal agencies is covered by a Department of Army categorical exclusion which will be analyzed within a Record of Consideration.

On page 49264 in column one, paragraph d(2) indicates that an environmental impact statement is planned for property disposal at Defense Distribution Depot, Memphis, Tennessee. We have reassessed our initial determination and now plan to analyze property disposal at this site in an environmental assessment.

**FOR FURTHER INFORMATION CONTACT:** For further information regarding these environmental impact analyses, please contact the Public Affairs Office at the affected installations or the appropriate higher headquarters as indicated below: INSTALLATION—(AREA CODE)

#### **Notice of Availability of the Final Supplemental Environmental Impact Statement for the Disposal and Reuse of Fort Ord, California**

**AGENCY:** Department of the Army, DoD.  
**ACTION:** Notice of availability.

**SUMMARY:** In compliance with the National Environmental Policy Act and the President's Council on Environmental Quality, the Army has prepared a Final Supplemental Environmental Impact Statement (FSEIS) for disposal of certain excess
